

# ZIEX ZE914 Ecorun

ZIEX ZE914 Ecorun

## PERFORMANCE AND ECONOMY

The **ZIEX ZE914 Ecorun** is the next generation, high-performance tyre made for Australian roads. Engineered for performance and cost saving fuel efficiency, the low rolling resistance compound offers more mileage and better wet braking. The tyre features an asymmetric tread pattern with four straight and wide circumferential grooves for hydroplane resistance. The high-rigidity rib construction provides good wet and dry braking stability. Slots and sipes can be found throughout the tyre, optimised for even tread wear, comfort and traction.

**AVAILABLE TYRE SIZES**  
58 SIZES

**AVAILABLE RIM SIZING**  
15" – 18"

**SPEED RATING**  
H • V • W

## PERFORMANCE RATINGS\*

**ECORUN**

Falken tyres with the Ecorun label feature optimised low rolling resistance. By reducing energy loss through friction, they save on fuel consumption - good for the environment, and good for your budget.

\*Performance ratings are based on a scale of 1 to 5 with 5 being best. Ratings are in comparison to other Falken Tyres products in the same category.

### POPULAR FITMENTS:

- Toyota Camry
- Toyota Aurion
- Holden Commodore
- Toyota Corolla
- Subaru Forester
- Ford Falcon
- Mitsubishi 380
- Toyota Prius
- Honda Accord
- Honda Odyssey
- Mitsubishi Outlander
- Mitsubishi Magna
- Toyota Avensis
- Holden Berlina
- Holden Ute
- Mazda CX-3
- Ford Fairlane

## TYRE HIGHLIGHTS

### ECORUN COMPOUND

Compound promotes low rolling resistance with longer life and better all weather handling.

### OPTIMISED ASYMMETRIC TREAD

For longer wear life, better wet braking, less rolling resistance and lower fuel consumption.

### NATURAL RADIUS CARCASS PROFILE

For improved handling, even contact pressure and better ride comfort.

### SPECIAL EYES® TYRE WEAR INDICATORS

Shows drivers when it's time to rotate their tyres. See next page for more information.

## FALKEN SPECIAL EYES

### WEAR INDICATOR SYSTEM FOR TYRES

SPECIAL EYES – Our tyre wear indicator system shows drivers when it's time to rotate their tyres.

Falken has designed a new system that warns drivers about tyre wear levels. SPECIAL EYES take the guesswork out of changing tyres over. The system comprises reliable indicators that are integrated into the tyres themselves.

Falken's ZIEX ZE914 ECORUN tyres incorporate these special depressions in the tread surface that change their shape as the tyre tread reduces with progressive wear.<sup>1</sup>
